

Changing futures

Strengthening the Commitment

How to get the care you really want

By Heike Guilford
The Coaching Nurse

This session will give you:
questions to get great care for you

How do we see the world?

Did you know that there are great plans for:

More staff (workforce planning)

Sharing good practice (improving quality)

The right staff with the right skills in the right place at the right time

Using technology and innovation to share best practice & research

Better together: Working in partnership to give the best care

Supporting your health

Developing the tools to give the best care possible

.....and lots more (Strengthening the Commitment, DOH 2012)

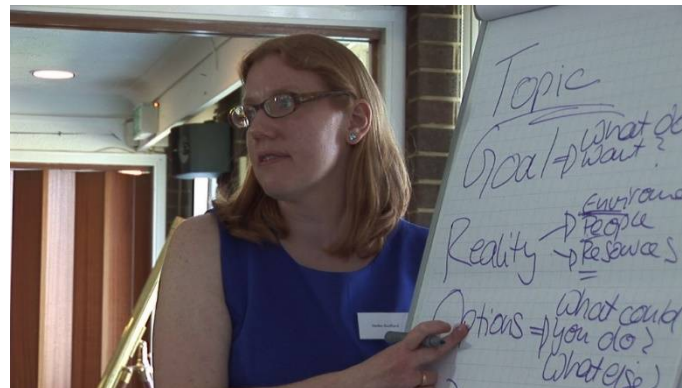

Do you know moments like this one?

How can people see what's going on?

Modernising Learning Disability Nursing

How is this a great opportunity for you?

How could your world change?

How could you dream big and start small?

How can you find superhero powers?

How could you make it fun for you?

How could you start your journey today?

How will you share on your learning today

Your turn to ask questions!

Thank you for your time!
